

MUSC 039H: Applied Music: Commercial Music Production

This course is designed to provide students with the practical skills and knowledge necessary to succeed in the commercial music industry. The course covers the entire production process, from concept development to final distribution. Students will learn how to write, produce, and market music for various media, including radio, television, and film. The course also emphasizes the importance of collaboration and communication in the music business. Students will gain hands-on experience with industry-standard software and equipment, and will have the opportunity to work on real-world projects. The course is designed to be both challenging and rewarding, and will provide students with the skills and knowledge they need to succeed in the music industry.
